

Crops residues energy potential estimation in pilot pyrolysis unit

Serhii Markov, Master, Dnipro State Agrarian and Economic University (DSAEU), Dnipro, Ukraine

Scientific supervisor: assoc. prof. Olena Zolotovska, DSAEU

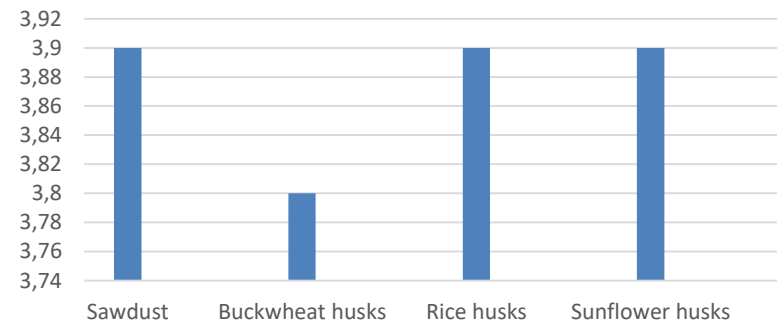

Pilot pyrolysis unit for thermal conversion of biomass

Pilot unit for thermal conversion of biomass into fuel gas was designed to conduct large scale testing and incorporated into boiler house of municipal enterprise.

Energy potential of most common types of secondary agricultural residues was determined

KW hours/ kg

Energy potential of crops residues
